TIMBER *with warm & gentle tones*

LET US INSPIRE YOU

### ***TIMBER Walls, Inserts & Floors*** ***Earthy Spiritual Simplicity***

Cai Wall Solutions are always seeking ways to create beautiful spaces. Earthy warm living rooms, rustic walls and timber insertions that will accentuate the atmosphere of a home, office building or apartment; be it minimalist, traditional, modern or eclectic.

The versatility of timber as shown can create different looks and styles. With the technology we are developing, we can produce textures and surfaces that deliver a statement on a small scale or a breathtaking explosion in a larger area.

Cai Wall Solutions provide integrity with products and service.

Eco-friendly Timber is the world's most environmentally friendly building product. It is natural, reusable, recyclable and sustainable. As timber grows it extracts carbon dioxide (CO<sub>2</sub>) from the atmosphere.
